To Whom It May Concern:

Re: Transport

We would like to express our thanks to Timity Travel for their assistance to us with transport for our clients.

Their vehicles are always on time, clean and reliable. The drivers deliver a safe and responsible service to our clients that makes their holiday experience one that they want to repeat again.

Without the reliable transport supplied by Timity Travel we will not be able to function as a successful tourism transport company in South Africa.

If you need any other information please do not hesitate to contact me.
